PROTON WARHEAD

All is quiet on Planet Kappa. You stand in the control tower, looking down on the air field of Galactic Defense. All of a sudden, you see lights way out in space, but moving in closer, closing quickly. You stare at them in astonishment, amazement and stupefaction . . . Sky Pirates, the cutthroat band of rabble who roam the galaxy in search of easy prey.

You thought you had rid the world of them for good when you launched an offensive against their distant stronghold, and wiped them out. But now they are back, and in greater numbers than ever before.

You see the sky light up with the red glow of their jets as you punch the alarm and deploy Proton Fighter Squadron K.

Suddenly the warheads fall and the battle has begun. PROTON WARHEAD, an intergalactic challenge.
